

EcoChurch Southwest

Working in partnership for a low carbon future

Generating power for your daily use.

If your roof is thatched, in the shade, you live in a listed building or are thinking of moving house soon, try **Instant Solar**.

- Single solar panel
- Ground/shed-roof mounted
- System wired directly into ring main
- Add extra panels
- Safe, quick and compact
- Easily repositioned
- Save up to £144 per year
- 30 year life cycle
- Save up to 2.9 tons of CO₂ in 20 years

God created life on earth and asked us to pass on the fullness of creation to future generations. Light from the sun gives energy that sustains life. We are now able to harness that energy to serve our own power needs.

Prices start from £850 including VAT and fitting.
